They are extraordinary characters living outside the bounds of reality. But you will recognize them... It's about being gay, being straight, falling in love, sorrowful partings, death, and fantastic circumstances. Bending the Landscape stretches the standard fantasy genre. In the groundbreaking anthology, queer writers write fantasy for the first time, and genre writers explore queer characters. But don't expect the usual fantasy backdrops-these stories will give you a frisson, a thrill, as they fizz off the page.
