Blessed Possibilities Gary M Douglas

Blessed Possibilities, a new book by Access Consciousness founder, Gary Douglas, is about the blessed choice of possibility we have available to create things we never even realized were possible. Instead of being the phenomenon we truly are on planet Earth, most of us keep trying to create the way other people do.

We choose to diminish our awareness, hide our talents, and abandon our desires so we can live the way everyone else does. Blessed possibilities are about opening to the choice of new possibility.

"Why aren't you sharing your beauty and your talents?" Gary asks. "You will share your misery but you won't share your beauty. When you have talents, why the hell are you not sharing them? They are a blessed possibility.

"The book, based on Gary's conversations with participants at an Access seven-day event, presents brutally honest discussions of topics like sex, money, family, culture, and belonging and it offers life-changing questions, tools, and processes that address the limitations and barriers that keep us from being, doing, and having things we never even realized were possible.
