The Quran (Koran) for Infidels: Including Introduction, History, Commentary and Three Complete English Translations

The history of the Prophet Mohammed, the development of Islam, implementation of Shariah Law, and views of Qur'anic interpretations are all presented along with three separate classical translations of the Holy Qu'ran. Put simply, The Qu'ran is viewed as an unfolding revelation. Thus, the last statement in the Qu'ran regarding a subject supersedes any statement that came before it. This is called ABROGATION. Thus, we list verses in chronological order and examine the list for the last verses written on a subject to see what instructions are to be followed by Islam today. What is revealed answers the great questions facing modern Western civilization. What is Islam? What does the Qu'ran really say? How has Islam become so violent and why is Islamic terrorism flooding the world today?
