Fu Ssu-nien: A Life in Chinese History and Politics (Cambridge Studies in Chinese History, Literature and Institutions) Fan-sen Wang
Fu Ssu-nien, a scholar, activist, and social critic, was one of the most influential intellectual figures in twentieth-century China. This biography offers the first in-depth examination of his role in intellectual and educational development in modern China. Wang Fan-sen follows Fu's early career as a student activist, his efforts to establish a "modern" historical discipline in China, and his legacy as a founder of modern academe in China. This book, incorporating unpublished material from Fu's personal archives, fills a major gap in the cultural and intellectual history of modern China.
