Sometimes the only choice is to take a chance...and enjoy the consequences.

Sean Reynolds is content wielding his dominant personality as the public face of Kagan Industries. Pack leadership--and all the responsibilities that go with it--don't interest him. But when alpha-in-waiting Nic Kagan skips town, there's no one to take on his aging father's spirit wolf. No one but Sean.

Sean wants none of it, but with his wolf growling in eagerness to fill that void, he heads for the bar in an attempt to drink the beast into submission.

He'd like to ignore the sultry blonde shifter burning up the dance floor with moves that make him painfully aware of the full moon. But when she abruptly disappears, his wolf sends him in hot pursuit. Following the scent of a female he can see in his bed not for a single night, but for a lifetime...

Note: *This is a short novella (11K) that introduces the Kagan Pack, the Alexander Pride's single shifter neighbors. This is not a full length book, but it may be read as a standalone.*
