The National Debt continuously grows approximately $4 billion dollars EACH DAY to the almost unimaginable figure we find today of almost $18,000,000,000,000(Trillion). The American Taxpayer is held liable for this debt to be paid from their hard earned laborious efforts, whether they be millionaires or factory workers. Yet the elected politicians remain silent about what is really the true cause of it. They are intimidated by the most lethal weapon ever aimed at the American Citizen..... The Federal Reserve Bank. They, instead , are forced to discuss annual budgets and spending habits to deflect the citizens' attentions away from the true cause of our rising debt. This is the first book ever written which discloses: - The true cause of our rising debt - Who was behind it - How they would profit from it - To what lengths they are prepared to keep it going - And lastly, the ONLY solution to save America With over 245 pictures and documented evidence, the Author has courageously put forth this explosive book to educate the general public in an effort to save this country before it is too late.
