Digital Sociology

Deborah Lupton

Digital Sociology Deborah Lupton

We now live in a digital society. New digital technologies have had a profound influence on everyday life, social relations, government, commerce, the economy and the production and dissemination of knowledge. People's movements in space, their purchasing habits and their online communication with others are now monitored in detail by digital technologies. We are increasingly becoming digital data subjects, whether we like it or not, and whether we choose this or not.

The sub-discipline of digital sociology provides a means by which the impact, development and use of these technologies and their incorporation into social worlds, social institutions and concepts of selfhood and embodiment may be investigated, analysed and understood. This book introduces a range of interesting social, cultural and political dimensions of digital society and discusses some of the important debates occurring in research and scholarship on these aspects. It covers the new knowledge economy and big data, reconceptualising research in the digital era, the digitisation of higher education, the diversity of digital use, digital politics and citizen digital engagement, the politics of surveillance, privacy issues, the contribution of digital devices to embodiment and concepts of selfhood and many other topics.

Digital Sociology is essential reading not only for students and academics in sociology, anthropology, media and communication, digital cultures, digital humanities, internet studies, science and technology studies, cultural geography and social computing, but for other readers interested in the social impact of digital technologies.

From reader reviews:

Leslie Marcellus:

Do you have favorite book? In case you have, what is your favorite's book? Publication is very important thing for us to find out everything in the world. Each guide has different aim or goal; it means that e-book has different type. Some people feel enjoy to spend their a chance to read a book. They can be reading whatever they take because their hobby will be reading a book. Think about the person who don't like studying a book? Sometime, particular person feel need book if they found difficult problem or exercise. Well, probably you will require this Digital Sociology.

Priscilla McCreary:

Playing with family in a park, coming to see the ocean world or hanging out with close friends is thing that usually you could have done when you have spare time, and then why you don't try thing that really opposite from that. A single activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love Digital Sociology, it is possible to enjoy both. It is good combination right, you still would like to miss it? What kind of hang-out type is it? Oh can happen its mind hangout people. What? Still don't obtain it, oh come on its known as reading friends.

James Moore:

Do you one of the book lovers? If yes, do you ever feeling doubt when you find yourself in the book store? Make an effort to pick one book that you never know the inside because don't assess book by its cover may doesn't work this is difficult job because you are afraid that the inside maybe not as fantastic as in the outside search likes. Maybe you answer is usually Digital Sociology why because the fantastic cover that make you consider concerning the content will not disappoint a person. The inside or content is actually fantastic as the outside or maybe cover. Your reading sixth sense will directly assist you to pick up this book.

Clifford Stoner:

Don't be worry in case you are afraid that this book may filled the space in your house, you could have it in e-book way, more simple and reachable. This specific Digital Sociology can give you a lot of close friends because by you considering this one book you have factor that they don't and make an individual more like an interesting person. That book can be one of a step for you to get success. This book offer you information that perhaps your friend doesn't realize, by knowing more than additional make you to be great persons.
