Latchkey Kids: Unlocking Doors for Children and Their Families Suzanne Lamorey, Bryan E. Robinson, Bobbie H. Rowland, Mick Coleman

A timely look at the problem of unsupervised children and the risks and dangers that can occur is offered in the **Second Edition**. Thoroughly updated with new research, the authors put the latchkey phenomenon in perspective and attempt to dispel common misconceptions. They detail a variety of alternative care programs that have been successfully implemented in many communities in the United States, including after-school care, childminders, and after-school hotlines. Further they provide some strategies for businesses, government, schools, and libraries that are indirectly faced with significant care-giving responsibilities.
