The Spirit of Stone: 101 Practical & Creative Stonescaping Ideas for Your Garden

Jan Johnsen

The Spirit of Stone: 101 Practical & Creative Stonescaping Ideas for Your Garden Jan Johnsen
The element of stone in a garden has two important qualities: function and beauty. It also conveys a sense of permanence and place. Since ancient times, stone has been revered for bringing a special “feel” to a garden. In *The Spirit of Stone*, award-winning designer Jan Johnsen presents a richly photographed, authoritative guide to creative and practical uses for stone in the landscape: steps, paths, garden walls, dry streams, benches, rock gardens, driveways and more. Stone’s practicality is especially appreciated by homeowners concerned with low maintenance, sustainability and water conservation – with the side benefit of enhancing property value. *The Spirit of Stone* is an essential idea book and how-to for designers, stonemasons, builders, homeowners and DIYers.
