Hashtag Magic has been compromised!

The **creatures of nightmare** have shown themselves and there is **no hiding the truth** of their threat. Colby and his friends **narrowly escaped capture in Mexico.** Now they are **back in Chicago** and nearing the end of the spring break when **an attack** in the assumed safety of the **Stevens' home** has left **Colby's mother in danger** and the kids on the offense. They are **taking the fight to the Shizumu** in their **virtual world prison, the Shiznet.**

In the **realm of their enemy**, the **kids must fight a virtual reality** unlike the role-playing of a game. This is **no game and their enemy is playing for keeps**. They'll **face angry birds** that force them into a trap where they will be **separated and trolled** until they give up what the adversary wants. They will have to overcome their fears and self doubt to triumph and **save Colby's mother,** getting them one step **closer to finding Jarrod Stevens** and reunited the family. But **fighting amongst themselves** may **threaten their chances of success**.
