Myth and the Existential Quest Dr. Vassilis Vitsaxis
This book by a contemporary Greek philosopher describes the integral role of myth in the human quest for knowledge and truth. Using imagination, feeling, and reason, men and women have fashioned myths, spirits, and gods from whom they sought answers through the languages of prophecy and magic. Myth, being a natural outgrowth of the earthly adventure of men and women, has been and will ever remain their inseparable fellow traveler and refuge in their existential quest.
