Fugitive Theory

Christopher M. Duncan

Fugitive Theory Christopher M. Duncan
The group known as the Southern Agrarians came out of Vanderbilt University in the wake of the 1925 Scopes Trial in Dayton, Tennessee. In response to attacks on the South and Southern culture, these scholars and poets-including Allen Tate, Donald Davidson, John Crowe Ransom, Robert Penn Warren, Andrew Lytle, Frank Owsley, and others-turned their attention to the defense of the South and its political tradition in numerous essays and books.
Christopher Duncan's *Fugitive Theory* situates the Agrarians' political thought within the larger context of the Western political tradition in general and in the context of American political thought in particular. Duncan argues that the political theory of the Southern Agrarians is best understood in terms of a civic republicanism that has its roots in the thought of theorists such as Aristotle, Machiavelli, James Harrington, and Thomas Jefferson. In exploring this fascinating chapter of twentieth-century American history Duncan recovers a vision that included a commitment to private property in land, autonomy, and decentralized power-a vision that pitted itself against the call for centralization and materialism implicit in the ascendant industrial order.
