Overview: A New Perspective of Earth Benjamin Grant
A stunning and unique collection of satellite images of Earth that offer an unexpected look at humanity, derived from the wildly popular Daily Overview Instagram project.

Inspired by the “Overview Effect”—a sensation that astronauts experience when given the opportunity to look down and view the Earth as a whole—the breathtaking, high definition satellite photographs in *OVERVIEW* offer a new way to look at the landscape that we have shaped. More than 200 images of industry, agriculture, architecture, and nature highlight incredible patterns while also revealing a deeper story about human impact. This extraordinary photographic journey around our planet captures the sense of wonder gained from a new, aerial vantage point and creates a perspective of Earth as it has never been seen before.
