Mustangs Over Korea: The North American F-51 at War 1950-1953 (Schiffer Book for Collectors)
David R. McLaren
Mustangs Over Korea is a documentary history of one of the most famous fighters ever built during a historically almost unrecognized war. Flown by four air forces in support of the United Nations, the F-51 Mustang dropped more napalm and fired more rockets than any other aircraft during that conflict and in the process suffered the highest number of losses. Told is the story of the bravery of the fighter-bomber pilots in the serious air-to-mud war against horrendous anti-aircraft fire, and also the first swirling air battles against the vaunted MiG-15.
