Hospice Aide On-The-Go-In-Service Lessons: Vol. 1, Issue 4: Caring for the Patient with Pain HCPro This lesson on Caring for the Patient with Pain includes a complete in-service training packet. It takes approximately one hour to complete and fully meets the Medicare in-service training requirement for one hour of hospice aide training. The lesson is easy to use and written specifically for hospice aides. As aides need training, simply copy the pages from each lesson as needed—the only restriction is that aides receiving training must work from your office location. Remember, your hospice aides must have 12 hours of in-service training every year. LESSON OBJECTIVES Upon completion of this program, the hospice aide will be able to: Name at least three types of painIdentify three behaviors that indicate the patient may be having painList three comfort measures that will alleviate pain andIdentify at least four responsibilities of aides when caring for a patient with pain OVERVIEW In late 2000, Congress passed into law a provision to make the next ten years, 2001–2010, the u201cDecade of Pain Control and Research.u201d This law has affected every level of health care, including homecare. Health care professionals now recognize that pain management is complex, multidimensional, and essential. Patients in hospice must be encouraged to communicate the type, duration, and intensity of the pain they are experiencing. The hospice Interdisciplinary Group identifies a patientu2019s pain using agency-specific pain assessment tools. These tools are the foundation of pain management. They facilitate the development of a holistic plan of care that addresses a patientu2019s pain needs. This in-service lesson identifies the hospice aideu2019s duties that recognize pain and promote comfort for the patient.
