Shadow Galactic Erik P Harlow
In the distant future, when a mysterious figure secretly unlocks young Salvador Santiago's ability to fold space, he secures the Galactic Union's only hope against brutal alien devastation. Driven by xenophobic hatred and equipped with vastly superior technology, the invading armada begins its conquest of the Milky Way.

Jane Carter, captain of a privately owned star freighter, sets up a high paying job for her ragtag crew. When she enlists Salvador as her space jump navigator, she unwittingly sets in motion a chain of events that leaves her matching wits with assassins, mercenaries and saboteurs. Meanwhile, the Galactic Union finds itself in the grip of a desperate battle for survival, as the invading armada burns world after world. Will Salvador's abilities be enough to save humanity from total destruction? Even if his abilities are strong enough, his enemies know who he is and what he can do.
