Turkey in the 21st Century: Quest for a New Foreign Policy

Turkey in the 21st Century: Quest for a New Foreign Policy
This unique book investigates the complex transformation of Turkey's foreign policy, focusing on changing threat perceptions and the reformulation of its Western identity. This transformation cannot be explained solely in terms of strategic choices or agency driven policies but encompasses power shifts and systemic transformations. Is Turkey shifting its axis? Will this affect its traditional Western-oriented foreign policy? The book begins by discussing the relationship between security and globalization, using examples of Turkey's regional positioning. It then focuses on to what extent the 'traditional' discourse on security in Turkish politics, which prevailed during the Cold War era and beyond, has undergone a change in the new era. This timely book is a much needed account of how pragmatism rather than ideology is the main determinant in Turkey's current foreign policy and should be read by all looking for a fresh and stimulating take on Turkey's response to globalization and the internationalization of security in the 21st Century.
