War, Religion and the Pursuit of Sex Al Chamberlin
War, Religion and the Pursuit of Sex - the title says it all. But what the title doesn't capture is the grim determination and raw courage displayed on the battlefield when death is just a hand grenade away. Or the camaraderie existing between fighting men, differences in rank notwithstanding. Albeit unorthodox in its handling of subjects such as religion, sex and kowtowing to the military top brass, the book is a must-read if you're looking for accounts of action, loyalty and tenderness.
