**Favorite Things: Charming** Rene Folsom, Juli Valenti
**charming** – *adjective* – extremely pleasing or delightful While men tend to be infuriatingly unromantic at times, they occasionally surprise us by showing their charisma. The idea of Prince Charming doesn't have to be a fairy tale, a fact proven to me when my husband pulls out all the stops and takes me on a journey every woman dreams of. With no obvious reason as to why, Josh treats me to a very special day, followed by an evening full of passion sure to charm the panties off any unsuspecting wife. My name is Cari, and these stories are just some of the Favorite Things my husband and I love about each other. *Warning: Charming is part of the Favorite Things series, a set of erotic short stories that stand alone for your reading enjoyment and include sexual content meant for adult readers 18+.*
