The beauty of our planet.

--Photographs from all the continents.
--A photographer's fascinating life oeuvre.
--Poetic, artistic pictures that meet the highest photographic standards.

An extraordinary treat! Klaus-Dieter Francke's photographs present an ethereal geography of our planet, depcitions that could be mistaken for masterful drawings. He introduces us to a primeval, almost uninhabited place where knotted roots, meandering rivers, glaciers and dunes define the passage of time. In a few cases, humans and animals are seen traversing its broad expanses. Views of the Earth as you've never seen it before!
