Everything you need to know about making your own vegan cosmetics is here -- from the benefits of going vegan and why it's important to only use products that haven't been animal tested to a complete list of what you'll need to get started from the ingredients to the equipment.

And then of course, there are over 115 recipes that will make you feel fantastic from head to toe. You'll discover how to take care of your skin the right way. Included are recipes for normal, oily, combo, dry and mature skin as well as daytime/ night time beauty regimens. Recipes from the bath and body section offer a spa experience in the comfort of your home and the hair care section addresses everything from conditioning to dandruff. And then there's the cosmetic/make up section where you'll learn how to make everything from mascara to liquid foundation and lipstick with natural, non-toxic ingredients.

This head to toe natural beauty guide will become your go-to guide when it comes to vegan beauty. It's fun and informative and even features a gift section, an alphabetical ingredient list and their beneficial properties as well as a listing for vegan resources.
