Samba Pocket Reference (Pocket Reference)

Jay Ts, Robert Eckstein, David Collier-Brown

Samba Pocket Reference (Pocket Reference) Jay Ts, Robert Eckstein, David Collier-Brown

Samba is a cross-platform triumph: it turns a Unix or Linux system into a file and print server for Microsoft Windows network clients.This book describes all the options for Samba's configuration file in quick-reference format. It also contains command-line options and related information on the use of the Samba daemons (smbd, nmbd, and winbindd) and the utilities in the Samba distribution.

The current edition covers Samba 2.x and the most important features of 3.0, which was under development as this book went to print. New options pertain to Samba's acting as a primary domain controller and as a domain member server, its support for the use of Windows NT/2000/XP authentication and filesystem security on the host Unix system, and access to shared files and printers from Unix clients.

System administrators who are familiar with Samba and want a handy reminder of how to administer it without the bulk of a full-sized book will find this pocket reference invaluable.

From reader reviews:

Michele Anderson:

As people who live in the modest era should be revise about what going on or data even knowledge to make these individuals keep up with the era and that is always change and advance. Some of you maybe will certainly update themselves by studying books. It is a good choice for you personally but the problems coming to you actually is you don't know what type you should start with. This Samba Pocket Reference (Pocket Reference) is our recommendation to make you keep up with the world. Why, as this book serves what you want and need in this era.

Patricia Kirby:

The actual book Samba Pocket Reference (Pocket Reference) will bring one to the new experience of reading the book. The author style to explain the idea is very unique. In the event you try to find new book to see, this book very appropriate to you. The book Samba Pocket Reference (Pocket Reference) is much recommended to you to study. You can also get the e-book in the official web site, so you can quickly to read the book.

Juanita Hernandez:

Exactly why? Because this Samba Pocket Reference (Pocket Reference) is an unordinary book that the inside of the guide waiting for you to snap this but latter it will distress you with the secret it inside. Reading this book close to it was fantastic author who all write the book in such awesome way makes the content within easier to understand, entertaining method but still convey the meaning entirely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of positive aspects than the other book possess such as help improving your proficiency and your critical thinking means. So , still want to delay having that book? If I have been you I will go to the guide store hurriedly.

Shalon Fisk:

Many people spending their time frame by playing outside along with friends, fun activity along with family or just watching TV all day long. You can have new activity to spend your whole day by examining a book. Ugh, ya think reading a book can definitely hard because you have to take the book everywhere? It alright you can have the e-book, bringing everywhere you want in your Smart phone. Like Samba Pocket Reference (Pocket Reference) which is keeping the e-book version. So , why not try out this book? Let's observe.
