The Soul of Poland Ina Steinberg
Europe, 1939 A black cloud of despair hangs over the world as it witnesses Hitler readying his vast armies to conquer the world. According to those in the know, poor Poland will be his next conquest. In spite of prior assurances from other countries that they will rise against Germany if she attacks Poland, many world leaders are leaning toward appeasement, wrongly believing this to be the best way to stop Hitler's demands. With only a few days remaining before the Nazis march into Poland, the Poles make a startling offer to the British. They have perfected a new military system that will work effectively against the Nazis. It is a device that will shorten World War II and will allow the Allies to win. Come get it and carry it safely back to Britain before the Nazis sweep into Poland and seize everything, Poland urges England. It is Winston Churchill himself who chooses Paul Duke, England's most experienced intelligence agent, for this mission, one so hush-hush that Paul himself has no concrete information about what he is to retrieve for England. His is a difficult task, for as he discovers, the English intelligence system has already been so compromised by Nazi infiltrators that it is useless. Who is he to trust? If he is to succeed, he must step gingerly around the appeasers, the counter spies, and some pseudo-Polish leaders who are in the battle merely for ego gratification. But Paul's battle is well worth it, as he learns from working with the dedicated, patriotic Poles who form the backbone of the country, the ones who help Poland live through the German invasion.
