100 Greatest Albums

100 Greatest Albums
VH1's 100 Greatest Albums television series sparked much debate about the accuracy of its list, but it was a great guide for any serious or casual music fan as to which albums should be staples in any record collection. As a book, the 100 Greatest Albums will be the perfect reference for building a substantive and thorough collection, as well as just being an entertaining read about some of the most important works ever created in music history. The book follows the order of the list, starting at 100 and working towards number one. Each album is discussed thoroughly across a two-page spread and each spread will include; an image of the album cover, the year of release, the record label, production and engineering credits, band members and instruments played, appropriate quote or quotes about the album from other artists, an essay that gives context to the album by examining its historical significance and detailing what makes the album unique by diving into the songs.
