At the Waterline

Brian K. Friesen

At the Waterline Brian K. Friesen

A refreshingly astute portrayal of the many personalities and histories that converge in small communities?in this case a houseboat community along the Columbia River. The hazards and joys of life on the water are revealed through shifting perspectives: a young man whose tragic history with the river both ties him to it and sets him apart from it, an old-timer who's been around long enough to remember the river before it was tamed by dams, a latchkey kid adjusting to his new life living aboard a tiny sailboat with an angry father, a couple who only ever intended to live on the river temporarily, and the woman who sees her neighbors' inner truths and channels them into her paintings. *At the Waterline* portrays the strong, cathartic connection dwellers of the Pacific Northwest have to their land and rivers. It provides a thoughtful meditation on the nature of storytelling and how the stories we tell shape the people we become and affect the world around us.

From reader reviews:

Charles Dame:

Here thing why that At the Waterline are different and trustworthy to be yours. First of all looking at a book is good nevertheless it depends in the content from it which is the content is as delicious as food or not. At the Waterline giving you information deeper and in different ways, you can find any book out there but there is no e-book that similar with At the Waterline. It gives you thrill studying journey, its open up your own personal eyes about the thing that happened in the world which is maybe can be happened around you. It is possible to bring everywhere like in park, café, or even in your technique home by train. If you are having difficulties in bringing the paper book maybe the form of At the Waterline in e-book can be your alternative.

Marianne Guzman:

Information is provisions for folks to get better life, information nowadays can get by anyone with everywhere. The information can be a knowledge or any news even a concern. What people must be consider when those information which is within the former life are challenging be find than now could be taking seriously which one would work to believe or which one the particular resource are convinced. If you have the unstable resource then you buy it as your main information we will see huge disadvantage for you. All of those possibilities will not happen inside you if you take At the Waterline as your daily resource information.

Ina French:

The reason why? Because this At the Waterline is an unordinary book that the inside of the e-book waiting for you to snap it but latter it will zap you with the secret it inside. Reading this book adjacent to it was fantastic author who have write the book in such amazing way makes the content inside of easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you for not hesitating having this anymore or you going to regret it. This book will give you a lot of benefits than the other book include such as help improving your talent and your critical thinking method. So , still want to hold up having that book? If I were you I will go to the book store hurriedly.

Laurie Cales:

Your reading sixth sense will not betray you actually, why because this At the Waterline publication written by well-known writer whose to say well how to make book that could be understand by anyone who have read the book. Written within good manner for you, still dripping wet every ideas and publishing skill only for eliminate your hunger then you still skepticism At the Waterline as good book not only by the cover but also by content. This is one e-book that can break don't determine book by its include, so do you still needing an additional sixth sense to pick this!? Oh come on your reading sixth sense already said so why you have to listening to one more sixth sense.
