Knights: The Age of the Armoured Warriors

Simon Adams

Knights: The Age of the Armoured Warriors Simon Adams
What would it have been like to live in the Middle Ages, don a suit of shining armor, and defend castle and king? *Knights* tells the story of this elite class of warriors, the training they endured from a very young age, the heavy weaponry they used, the intricacy of their chivalric code, the jousts and tournaments they competed in, and the castles that formed the center of their world.
Children will learn about, and get to see in fascinating images, all the complicated components that made up their armor, the colorful heraldic symbols that signified their loyalties, and the evolution of castle architecture, from simple motte-and-bailey structures to formidable fortified stone buildings with moats, towers, and defensive battlements. There's even information on leisure pursuits, such as hunting and falconry.
In addition, the book describes the two significant periods of knightly warfare in the Middle Ages—the Crusades and the Hundred Years' War between England and France—as well as the history surrounding that greatest of legendary knights, King Arthur, head of the Knights of the Round Table.
Along with spectacular art and maps, the special interactive items include booklets, sliders, and fold-out pages.

From reader reviews:

Amelia Brown:

Your reading sixth sense will not betray an individual, why because this Knights: The Age of the Armoured Warriors reserve written by well-known writer who knows well how to make book which can be understand by anyone who all read the book. Written inside good manner for you, dripping every ideas and producing skill only for eliminate your personal hunger then you still uncertainty Knights: The Age of the Armoured Warriors as good book but not only by the cover but also by content. This is one book that can break don't evaluate book by its cover, so do you still needing yet another sixth sense to pick this!? Oh come on your reading through sixth sense already alerted you so why you have to listening to one more sixth sense.

Margaret Pinson:

This Knights: The Age of the Armoured Warriors is great guide for you because the content which is full of information for you who also always deal with world and also have to make decision every minute. This kind of book reveal it data accurately using great plan word or we can say no rambling sentences included. So if you are read the item hurriedly you can have whole facts in it. Doesn't mean it only provides you with straight forward sentences but difficult core information with wonderful delivering sentences. Having Knights: The Age of the Armoured Warriors in your hand like keeping the world in your arm, info in it is not ridiculous one. We can say that no reserve that offer you world inside ten or fifteen second right but this book already do that. So , this really is good reading book. Hey there Mr. and Mrs. stressful do you still doubt this?

Ronald Karl:

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's heart and soul or real their interest. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that reading through is not important, boring in addition to can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Knights: The Age of the Armoured Warriors can make you experience more interested to read.

Kenneth Connolly:

What is your hobby? Have you heard which question when you got pupils? We believe that that problem was given by teacher for their students. Many kinds of hobby, Everyone has different hobby. And you know that little person like reading or as studying become their hobby. You have to know that reading is very important along with book as to be the factor. Book is important thing to add you knowledge, except your personal teacher or lecturer. You find good news or update regarding something by book. Many kinds of books that can you choose to use be your object. One of them is actually Knights: The Age of the Armoured Warriors.
