Nick Hunter

Stars and Constellations (The Night Sky: and Other Amazing Sights in Space) Nick Hunter
This book explores the Sun as our nearest star, different types of stars and constellations. It covers what stars are, where they come from, what makes them shine, what people thought of them in the past, and how we study stars today. A fun activity is provided along with advice on viewing stars. Beautiful photographs and simple text help to engage readers and aid their understanding.
