The Country Home

Ellen M. Plante

The Country Home Ellen M. Plante
In the search for a scaled-back lifestyle that affords casual, simplified comfort yet still looks polished, many turn to the country theme. This is not the cute country of stenciled ducklings and frilly gingham, but the sophisticated country that draws on rustic traditional styles, from its Colonial, Shaker, and farmhouse roots to its romantic French and English interpretations with modern adaptations. This lovely volume intelligently explores all these variations, offering informative commentary and a wealth of beautiful photos that trace the history and major elements of each permutation, and provides specific suggestions for evoking that particular look. Especially helpful are each chapter's at-a-glance color palettes and sidebars highlighting the notable decorative elements and the relevant design details and accessories. --*Amy Handy*

From reader reviews:

Sara Burns:

This The Country Home is great book for you because the content and that is full of information for you who always deal with world and get to make decision every minute. That book reveal it data accurately using great organize word or we can declare no rambling sentences inside it. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only offers you straight forward sentences but tricky core information with wonderful delivering sentences. Having The Country Home in your hand like finding the world in your arm, information in it is not ridiculous just one. We can say that no reserve that offer you world within ten or fifteen small right but this e-book already do that. So , this can be good reading book. Hey Mr. and Mrs. stressful do you still doubt in which?

Camille Wolfe:

In this period of time globalization it is important to someone to receive information. The information will make professionals understand the condition of the world. The healthiness of the world makes the information easier to share. You can find a lot of recommendations to get information example: internet, magazine, book, and soon. You will see that now, a lot of publisher in which print many kinds of book. The book that recommended for your requirements is The Country Home this book consist a lot of the information with the condition of this world now. This particular book was represented just how can the world has grown up. The language styles that writer require to explain it is easy to understand. The actual writer made some study when he makes this book. That is why this book suitable all of you.

Daniel Adams:

Do you like reading a book? Confuse to looking for your favorite book? Or your book ended up being rare? Why so many query for the book? But any kind of people feel that they enjoy with regard to reading. Some people likes reading through, not only science book but also novel and The Country Home or perhaps others sources were given know-how for you. After you know how the truly amazing a book, you feel desire to read more and more. Science e-book was created for teacher or students especially. Those ebooks are helping them to add their knowledge. In additional case, beside science book, any other book likes The Country Home to make your spare time considerably more colorful. Many types of book like here.

Karl Irwin:

A lot of people said that they feel weary when they reading a reserve. They are directly felt this when they get a half regions of the book. You can choose the book The Country Home to make your reading is interesting. Your skill of reading expertise is developing when you just like reading. Try to choose basic book to make you enjoy you just read it and mingle the feeling about book and reading through especially. It is to be 1st opinion for you to like to start a book and study it. Beside that the e-book The Country Home can to be your new friend when you're sense alone and confuse with the information must you're doing of this time.
