The StarChild Channels: The Crystal Skull from Beyond the Stars Dr Linda Hostalek
StarChild, the Crystal Skull beyond the Stars, is a crystalline star being who desires to communicate with humans in an effort to guide them through this world to their true purpose in the multiverse. StarChild and Linda were united during the 11-11-11 vortex of transformation, and the information of this and other worlds has been coming through ever since. The introduction to this work is by the Crystal Skull Explorers, Joshua Shapiro and Katrina Head, who first introduced Linda to StarChild. The fascinating background lays the groundwork for over a hundred channels. Designed to be a divination work, one can flip through the pages or read it outright to gain wisdom and understanding to guide your own life. Information is contained regarding other realms, star ships, consciousness, love, healing, compassion, and wisdom. You are invited to explore this realm with StarChild. Read it all or one channel a day for the essence of the day, and how to prepare your energy field for it. As a bonus gift, some selected channels from the Starkeepers material, which also come through Linda, are also included, as is a photo gallery of StarChild. May you read this work with love in your heart, peace in soul and truth in your works. bless ‘Be happy and be blessed, for joy is in your heart. It is up to you to acknowledge it.’ Linda Hostalek D.O.
