What Your Broker Never Tells You R. Andrew Groth
This book looks at the "rules" of investing. Not economic rules, but the rules that the "players" are using, i.e. the broker, brokerage house, and analysts, along with their personal agendas. Until the investor understands the "rules" the other players are using, it's very tough to "win" the game, i.e. accumulate more chips. Stories and illustrations that amuse and educate.
